Because this is a one "man" nursery, if you wish a large quantity of plants please write or telephone in advance. Your plants will then be dug with all the soil they can hold, carefully packed in cartons and ready for you when you call for them. You may depend upon getting sturdy, well grown plants. If you are not familiar with the plants listed, and advise of the position in which you expect to use them, (sun or shade, moist or dry, wall or walk, etc.), I will be glad to make a good selection for you. **NO SHIPPING.**
